Angelina Atilano

SUMMARY

Digital marketer focused on AI visibility — optimizing content for both search engines (SEO) and generative engines (GEO) so brands surface where audiences increasingly look. Built reusable AI-powered workflows from scratch, drove measurable organic growth, and automated production processes across a 600+ person firm. Bilingual (EN/ES) and technically fluent in HTML/CSS and data tools.

- FBLA Marketing Chair · INIT Secretary & Treasurer (Founding Member) · Cybersecurity Club Vice-President
- Best UX/UI Design — RetroHack9 at Georgia Tech

EXPERIENCE

Kaufman Rossin
Marketing Operations & Digital Coordinator — Miami, FL

Jul 2025 – Present

- Built and deployed 3 Claude-powered skill packages (event promotion, news excerpts, professional bios) — reusable AI agent workflows automating multi-asset content production and cutting turnaround by 75%+.
- Drove a 36.7% YoY increase in organic search traffic; grew total ranking keywords 66% (6,785 → 11,271) and top-3 rankings 58% (356 → 564).
- Produced LinkedIn content achieving 28–36% engagement rates vs. ~6.4% prior baseline; built an interactive Chart.js dashboard to present data-backed impact to marketing leadership.
- Rebuilt multiple service pages from end to end to update for SEO and GEO, and to make them look more modern.

Tax Fyle (Startup)
CRM Trainee — Miami, FL

Jan 2025 – Jul 2025

- Executed 812K+ email sends during the 2025 tax season, contributing to a 26.9% increase in email volume and 10.6% growth in tax service revenue (\$413K).
- Rebuilt audience architecture from 1 generic campaign to 9 behavior-based journeys, raising CTR to 3.27% (+1.87% YoY) and improving read engagement (70.3% read time >8s).
- Built automated n8n workflows supporting scalable lead generation for new product launches and CRM-driven growth.
- Leveraged HTML, CSS, Figma, and SQL to customize dynamic templates and implement data-driven CRM optimizations.
- Executed A/B testing across subject lines, send times, and content variations to optimize open rates, CTR, and conversion.
